# Summer Camp 2011

## ImaGYMnation

A pile of mats ceases to be a pile of mats the moment a single child contemplates it, bearing within them the image of a castle. Spend a week in our gym full of wizards, princesses, knights, draw bridges and so much more.

Summer 2011

## Holiday Madness

We know our crazy campers love summer fun and summer flips and July 4th. But fall, winter, and spring have great holidays too! Why wait? Celebrate with us. All your favorite holidays in the heat of summer.

# WIPEOUT

Energetic campers will deliver astonishing spills, sensational tumbles and magnificent falls as they face the world's most extraordinary obstacle course with all-new obstacles such as "The Pit Bugs," gain major speed on the "Springavator" before they jump onto the "Big Pit," and try their luck on the "Trampoline Spring Fling." Other upcoming Summer fun includes the "Flipsy Daisy" and the "Springtime in the Scioto" challenge, where those who successfully jump and splatter across the slide will move on to the "Spring Wipeout Zone" for a chance to get a pie in the face.

## Outdoor Pursuits:

Our campers love to cartwheel and flip, but we love camping, fishing, hiking, rock climbing, and all things out doors... what to do? We'll combine all of our favorite pursuits in a fun-filled camp full of flips and all the outdoors action we love!
